SPORTS
PGS 78 to 99
Joe Miner seeks a quiet place to study, and discovers it in the auditorium.

Gail Hawkins discovers what a good school lunch is.
Upon entering our school as seventh graders we discover its greatness. Upon reaching the senior year we discover the emptiness of leaving.

If you drive into Vergennes by way of Monkton road in the month of December, you will discover Vergennes Union High school under a blanket of snow.

Bells bring crowds of students into our corridors.
Discovery
Of Friends

A fortune is not always a friend, but a friend is always a fortune.

Friends Chuck Ringer, Dave Mack, and Bill Barrows discover that the cafeteria is the place to study.

The discovery of friends lingering in the hall after 4C lunch is not unusual.

Marlene Ouillette, Lori Gebo, Lori Laughlin and Julie Devino all share a friendly joke.

Nancy DeVine and Matt McDonald work together on yearbook business.
Friends Joe Miner and Gary Gaines work together on an chemistry project.

Bobbie Tynrell and Joe Abair discover friendship through class work.
One will discover a challenge in all walks of life, for without it there would be no reason for living.

Our team's faces reflect the discovery of the challenge called fatigue and hard work.

Dave Senesac is challenged academically by a chemistry test.

Frog Browe, Bill Plankey and Chuck Ringer are challenged by Mr. Joy on the topic of student trust.
Discovery Of Sports

Athletics play a profound social role as one of the few bits of glue that hold our society together.

TOP LEFT: Jeff Twiss discovers the challenge of sports as a soccer goalie.
Discovery of Success

TOP: Lindsay Katz and Tim Clark discover success as king and queen at the Senior Winter Wonderland Ball. BOTTOM: Bob Abair discovers that aggressive action brings success under the boards. BOTTOM RIGHT: The biology class successfully builds a snowman.
Success, we have learned, is the result of constant hard work rather than genius and luck.

TOP: Ray Bodette discovers that the success of beating an opponent does not come easily. BOTTOM LEFT: Ace Abair and Steve Delphia successfully build a dry cell battery car in their eighth grade science class. BOTTOM RIGHT: Elaine Case discovers that making a lay up comes easily only when she is not closely guarded.
Discovery of Conformity

In the search for our identity most of us find that we are conforming to the styles and fads of our generation.

We discover ourselves conforming to: faded blue jeans, colorful knit tops, maxi's, wide watch bands, and long hair.
John Emerson exercises his senior privileges.

Sophomores seem to have discovered that the school couldn't operate without them. Junior Varsity teams are heavy with them. Some sophomores have also made Varsity. Librarians, office assistants, year book, and student council committees all carry a good complement of sophomores. We have also discovered some sophomores walking hand in hand in the corridors.

ADMINISTRATION
Depends On Many People

The administration of Vergennes Union High is a responsibility carried by many people. The members of the school board, elected by the citizens of the five member communities, Addison, Ferrisburg, Panton, Vergennes and Waltham formulate the policies of the school and present the budget to the tax payers. Superintendent Twiss is the executive officer of not only the High School but of all the elementary schools of the district. Principal Samuel Loughridge and assistant Principal Denis Joy are responsible for the day to day operation of the high school. Office secretaries are invaluable in the accomplishment of the countless activities which make the school days run smoothly.

SCIENCE DEPARTMENT OFFERS SEMESTER COURSES

Chemistry and Physics students have the option this year of choosing semester courses. If at the end of the first semester the desire to continue is lacking, it is possible to elect another course in place of the second semester of science. These same students are also working on a contract system completing each unit as a contract. It is therefore possible to proceed at one's own pace through the program. Science is offered to all students from the seventh grade through the senior year. Only Biology I is required of all students.

Student interest in English has increased this year due to the many new courses that have been added to the English curriculum. Not only has the department offered courses in Journalism and The Literature of Ecology and Environment to the already growing list of Junior and Senior electives, but it has also encouraged field trips to see movies. MACBETH, MIDSUMMER NIGHT'S DREAM and A SEPARATE PEACE were some of the excellent movies seen. In March the department sponsored The National Theater Company in a presentation of the play LINCOLN, KENNEDY AND KING. As the book goes to press plans are being made for students to visit England and to acquaint themselves with some of the places made famous by English authors.

HISTORY RISES ABOVE THE MUNDANE

United States History has become more than the learning of dates and events for some students this year. The members of certain classes have gone into the community to explore other approaches in this course. Several visited Clark's Nursing Home and interviewed the patients about their youth — how they lived, what they did for entertainment, where and how long they went to school. The same group spent a day in the little red school house which was moved several years ago from Vergennes to the grounds of the Shelburne Museum. Dressed in clothing of another era they acted out the experience of a school day circa 1800.

Mr. Ward has also served as chairman of the Human Values Days which have been introduced into the school program this year. Films, demonstrations, and conferences have brought in awareness of the human values in physical activities, in creativity, in communication and in group activities.

Rusty Raymond, Billy Brown and Martin Fleming work on a project in American Government class.
Marilyn Osgood finds a quiet spot for study in a social studies room.

Gordy Myers records Bill Barrows’ errors in the learning maze as Betty Spooner and Kevin Kilbride look on in Psychology class.
MATH DEMANDS CONCENTRATION, ACCURACY

The Math Department has been restructured to meet the many needs of the student body. Students are working on an individual basis progressing at their own capability.

A new course, Life Service Math, has been introduced into the program this year. This course is designed to prepare the students for the problems of everyday living such as business loans, income taxes, and ordering from catalogs. Local business people including Postmaster David Aubin, Bank Vice-president Henry Broughton, and Real Estate Agent Mrs. Ruby Gaines have been invited to speak and share their experience in this class.

This year the Home Economics program at VUHS has undergone many changes. The curriculum has been broadened to include an 8th grade year program and refined at the upper level to include semester electives for juniors and seniors — courses with as wide a diversity as Foreign Foods and Consumer Education. With the curriculum changes there has been a marked increase in enrollment as well as a different "mix" of students; specifically, a greater number of boys and a greater number of college-bound students are involved.

Projects are a must in Senior Home Economics as Susan Duany, Janet Dessureault and Dianne Devine demonstrate.

Seniors Bambi Barrows, Linda Fountain and Karalee Colomb begin a day's work in the kitchen.
Language study culminated in travel abroad to France and Italy in April 1972. Students are again planning to go to Paris in April 1973. Activities for raising money for this purpose have been sponsored throughout the year. Interest in the French language in nearby Canada have been encouraged by two trips to Montreal. Visits to le Vieux Quartier made it possible for the students to see a bit of Europe on this side of the ocean. Students also took their interest into the community when they sang French Christmas Carols in the streets of Vergennes the Thursday before Christmas.
Juniors and Seniors continue to ride the bus to the Middlebury Vocational Center each day to pursue advanced courses in the vocational areas. Courses in beginning Agriculture, Industrial Arts, Mechanical Drawing and Typing are still presented to Freshmen and Sophomores in Vergennes. This year the Art Department has placed its emphasis on the practical art of pottery. Advancing from the elementary techniques, they have worked with considerable success with a potter's wheel.

PHYSICAL EDUCATION OFFERS ELECTIVES

The Physical Education program has a new look this year. Only freshmen and sophomores are required to take physical education. Some of the activities offered to girls are field hockey, gymnastics, rhythms, basketball, volleyball, archery, track & field, modern dance, and softball. A new course is being offered this year to juniors and seniors. This class in advanced gymnastics meets everyday. There is also a new recreation period for seventh and eighth graders. Boys Physical Education classes are offering activities in weight lifting and unregulated army basketball, in addition to the regular program.

Basketball is always a favorite sport in boy's gym classes.

Kathy Mitchell displays her acrobatic ability on the balance beam.
Mrs. Claire Coady, the school nurse, is busy as always.

Mrs. Gail Lynk helps students listening to tapes in the Reading Laboratory.

SPECIAL SERVICES HELPFUL

The school welcomes Mrs. Coady as nurse for the student body. Having been without a nurse for two years her service is really appreciated.

The Reading Laboratory with its testing program and resource material has helped to improve the reading proficiency of many students.

A full quota of students enrolls in Mr. Guyette's Driver Education class each semester. To obtain a driver's license each student is required by law to successfully complete this course.

Froggy Browe, Harvey Russett and Dave Kittridge agree with teacher, Mr. Roland Guyette, that Driver Ed. involves more than one would think.
MUSIC CLASSES PROVIDE OPPORTUNITIES FOR SELF EXPRESSION

Monday, Wednesday, and Thursday of every week finds the students who have interest in learning to play an instrument or to sing in groups enrolled in music classes. Part of the instructor's time is spent in instruction with musical instruments. The training in these classes prepares the individual to participate in the school band. Likewise the classroom instruction prepares the singing group for its two yearly concerts.

GUIDANCE OFFICE OFFERS COUNSEL AND SUPPORT

Working closely with the entire student body, the guidance office schedules classes, enrolls and withdraws students according to their individual wishes. As the student enters his junior year these same people advise and counsel each person as to his choice of further education or a vocation. If there are personal or financial problems, it is to this same office that the student goes for encouragement and help. Few students leave V.U.H.S. without a feeling of deep gratitude to the guidance counselors.

The Varsity Field Hockey team posted its best record of the past four years with a season of 6 wins, 4 losses, and 2 ties. In addition the team won the Green Mountain League West Championship with a record of 5-0-1, which is a first for Vergennes. Another first was being picked to participate in the State Hockey Tournament. The girls won their first round beating Thetford 2-1 and lost in the second round to Wilmington 2-0. Kathy Sullivan lead the offense for the season by scoring 8 goals while Coonie Danyow, goalie, saved 2 penalty bulls.

J.V. FIELD HOCKEY TEAM POSTS GOOD SEASON

The Junior Varsity Field Hockey team ended its season with a great record of 6 wins, 2 losses, and 1 tie. Miss Shaw, a practice teacher from the University of Vermont, coached the team. Kathy Casavant was consistently high scorer. Kathy Miles was first year goalie, but by the end of the season she wasn’t letting many balls by her.

SOCCER MEN POST 2-10 LEAGUE SEASON

The big schools once again overpowered the Commodores in soccer. Goalie Jeff Twiss turned back 23 shots at C.U.V., 27 at B.F.A. and made 28 saves against South Burlington but the Vergennes team still came out on the wrong end of the score.

The games with Mt. Abraham and Middlebury and the tie with Collegiate High School were the most exciting ones of the season. The four goals scored by Vergennes against Middlebury were all tallied by veteran lineman Chuck Ringer. Seniors Twiss, Donnelly, Larrow, Kipp, Baker, Myers, Plankey, O'Brien, Ringer, Sorrell, Emerson, Hatch and Clark put on their uniforms for the last time this fall.

A save by Jeff Twiss that leaves the defense relieved.

JV'S POST 3 WINS

The J.V. Soccer team’s record improved from a winless season last year to a 3-9 record this season. The first 5 games of the season the J.V. team failed to score a single goal. In spite of this poor start the 17 players showed up regularly and worked hard. Their faithfulness paid off as they came through to win three of the last seven games. The three victories for Vergennes were all shutouts.
CROSS-COUNTRY GIRLS PLACE 2ND IN LEAGUE

V.U.H.S. girls formed a cross country team for the second time this fall. The girls finished the season 2-4 but put together a strong performance to finish 2nd in the Green Mountain League Race held at Mt. Mansfield. The runners were strengthened greatly by the 8th graders who ran along with them. The Senior High runners were lead by Laureen Condon, Molly Whitcomb, Cathie Hughes, and Janet Villeneuve.

CROSS-COUNTRY BOYS ALSO PLACE 2ND IN GREEN MT. LEAGUE

Combining speed work with running at a race pace, cross country team members daily conditioned muscles and legs for the weekly meets. Notching a 9-7-1 record the squad has proven itself in a long season.

Bob Abair paced the harriers’ attacks as he frequently placed first for the Vergennes Squad. In the Lyndon Relays, competing against 21 Vermont and N.H. teams, Vergennes placed 9th. In the Champion Valley League Vergennes placed 6th and in the Green Mountain League the boys gained the runner-up Trophy. In the “I” “M” State meet Vergennes finished 5th in a field of 23 schools.

The first two Moriah games set the stage for the 72-73 Varsity Basketball season. Those two games were just two of twenty, tense, hard-fought, nail-biting games.

The early season could be described as explosive with the offense averaging better than sixty-five points a game, while allowing the opposition a mere fifty points per game. But the end of the season brought sickness and troubles to Coach Aldinger’s squad. Consequently they dropped three of the last five games.

Jeff Twiss, Tom Baker and Steve Brace all averaged better than ten points a game, while guards Bob Abair and Tim Clark pumped in an average of at least 13 points per game. Twiss, Brace and Baker usually swept the boards clear for the Commodores. Bill Benton and Kevin O’Brien filled in when needed.

Accurate shooting, strong rebounding, good ball handling and experience paid off in all the close games that could have gone either way.

Tim Clark flies toward the boards with a double pump lay up.
Steve Brace lays up two more for Vergennes.
The basketball girls experienced another winning season this year. Playing schools of comparable and larger size the record stood 8-7 at the end of the season. They posted two victories over their arch rival Mt. Abraham. The first game with Winooski was the only game of the season to go into overtime and a final point loss. The victory over Winooski in their second game qualified Vergennes for a play-off berth. Following their defeat of Fair Haven in the play-off game, they were paired against Lake Region Union in the State Quarter-finals in Burlington on February 17. History repeated itself as the girls went down to a defeat in the tournament game.

JUNIOR VARSITY GIRLS POST 6-8 SEASON

The JV's really displayed spunk, courage, and nerve this past season. The first seven games turned into seven losses. Frustrated and a bit intimidated they came back determined to do something about it. They did — They won six out of the last seven games. Four of the six wins were over teams which had defeated them earlier in the season: This is the kind of sportsmanship we like to see.

WRESTLERS
POST 16-4 RECORD

The 1972-73 varsity wrestling team ended its regular dual meet season with a 16-4-0 record. Outstanding individual performances by five experienced Seniors helped the Commodore team effort in outscoring opponents 827 to 297 for an average dual meet score of 41-15.

Our VUHS grapplers have put together an impressive 46-7-1 dual meet mark over the past three years, including a State Team Co-Championship. 39 wrestlers have been place winners in tournament competition over this period.

Head Coach Chip Wolcott, who started the VUHS wrestling program in late 1969, will leave his post at the end of this year to pursue Ph.D studies at Florida State University in Tallahassee.

JV WRESTLERS BOAST THREE CHAMPIONS

The J.V. Wrestling team finished with a 18-1-1 season this year. Injuries claimed some members, but the remaining wrestlers carried the team onto the Vermont Western Regionals with the entire team placing. We had three Western Regional Champions, Brian Donnelly, Gary Andrews, and Kip Sorrell, who will be advancing to varsity next year with great potential. If the next season can be anticipated by the J.V. record, Vergennes should be a power house next season.

Coach McNamara lives the match with them.

JUNIOR HIGH FINISHES WITH EIGHT STRAIGHT WINS

The Junior High soccer team compiled a fine record of 9 wins and 3 losses this season. Led by the scoring of Nick Martinec, Tommy Clark, and Billy Leach, the team outscored the opposition 30-13. The defense was led by Kelly Barrows, Mark Adams, and Joe Birkett. Special credit is due to three seventh graders who made great contributions — Dave Bannister, Mike Roberts, and Billy Leach.

Seventh Graders Billy Poquette, Mike Plankey and Daryll Fulford hold their own with Eights Joe Birkett, Kelly Barrows and Richard Goss.

Junior High teams have participated in all the sports available to the senior high. The boys basketball team closed its season by taking the second place trophy in the area tournament. The girls played a 6-5 game season. The wrestling team practiced for several weeks and participated in four matches with neighboring schools. The cheerleaders were always present to cheer the teams to victory.

STUDENT COUNCIL ADOPTS A NEW METHOD OF REPRESENTATION

Representation in Student Council has been changed this year. Chartered clubs still have representation in the council, but home room representatives have been replaced by members elected in English Classes. The purpose of the change was to make it easier and more effective for the representatives to report back to their constituents.

The activities which have absorbed the Council's time this year include the annual Freshman Day and Reception, Senior Day and the March Winter Carnival.
Groups Which Serve

Free periods do not mean time to do as one wants for the Library and Office Aides. In each of these areas the aides not only learn skills necessary for the work but they also discover the satisfaction of being useful in spots where competence and friendliness are an asset.
Active and Spirited Groups

Personal pleasures and service motivate two groups in school. Girls who have a skill in and the desire to perfect physical expertise practice daily in Advanced Gymnastics. Many of these same persons participate in a club which strives to improve school spirit and loyalty. Through the sale of pom-poms, insignia, and emblems and their presence at all school events they do generate the something called “School Spirit.”
TRAVEL CLUB SPONSORS TWO TOURS

The English Department is sponsoring a trip to London and its surrounding communities. The French Department plans to concentrate its travel interests in and around Paris. The students for both groups have been busy with fund raising activities throughout the year. Both travel groups plan to spend the April vacation in Europe.

Ellen Pratt gives first down payment to Mr. Johnson for England trip.

CHESS CLUB FILLS LEISURE HOURS

Four or five chess fans can be seen in the Chem. Lab every night after school. They are sharpening their wits and improving their skill for those interscholastic meets which take place each spring between the surrounding schools. The State Meet, and a possible place in this competition, is the goal of the club.

Officers of the club are: President — J. Dickerson, Vice President — B. Benton, Secretary — D. Franklin, Treasurer — B. Rose.
Two groups lend their talents to the practical things. Our Future Farmers practice their theories in farm activities. This year for the first time a girl, Andrea Blacklock, is President of the F.F.A.

The Audio-Visual room is staffed by ten competent aides, including three girls who share the responsibility of distributing, collecting and maintaining the visual aids in the building.
SKI CLUB IN WINTER — VARSITY CLUB IN ALL SEASONS

The Ski Club makes weekly trips to nearby ski areas when weather and conditions are favorable. The club provides opportunities for pleasure skiing.

The Varsity Club is a social club which is made of people who have participated in at least one varsity sport. The group works throughout the year to raise money and sponsors the annual Spring Sports Banquet.

This year’s senior play was "The Hobbit" adapted from Tolkien’s novel by Patricia Gray. A cast of twenty-six dwarves, elves, hobbits, and goblins transported us to a magical world of good fun and good entertainment. Through dangers and perils the forces of good, lead by Rick Sorrell, Tony Ringer, and Bill Plankey, drove on to a final victory over the powers of darkness.
Guest Peter Marsh directs group in theater.

HUMAN VALUES DAY —
A NEW ACTIVITY

Human Values Day, a new aspect of life at V.U.H.S. was brought about by a group of interested teachers and students. It was developed to open the minds of parents, students, faculty and the community to the changing and variable world of today by bringing in guest speakers and groups, and presenting films dealing with their respective topics.

HONOR SOCIETY
INDUCTS TWELVE

The fall induction ceremony of the National Honor Society was held on December 5. Dr. David Van Vleck, who is an authority on the question of population control, was the guest speaker. A reception was held in the library following the induction service for members, parents and faculty.

The Vergennes chapter is in its second year of sponsoring a young Pima Indian girl through the Save the Children Federation. The NHS contribution helps purchase her school clothes, books and supplies. The NHS also sponsors an annual Christmas toy drive for the hospital of St. Joseph's Children's Center.
President Joe Miner lights inductee Lindsay Katz's candle in Candle Lighting Ceremony.

NEW MEMBERS — Wendy Cushman, Dorothy Hutchins, Kathy Hill, Andrea Blacklock, Elizabeth Claflin, Joy Tisbert. 2nd ROW: James Condon, Rebecca Cooke, Susan Turnbull, Lindsay Katz, Bryan Rose, Rebecca Kneeshaw.
CHORUS PRESENTS
TWO CONCERTS

This year’s chorus, made up of Junior and Senior High students, has fifty members.

Highlights of the year were the various Christmas concerts held around town, ending with the main concert held at the high school on December 16. Other concerts were presented to the Rotary Club, the Vergennes Elementary school, and an assembly for the students at the high school. The chorus sent ten of its members to participate in the District Chorus held at Mt. Abraham Union High School on February 11.

Dianne DeVine pins corsage on accompanist, Mrs. Anna Husk, before the Christmas Concert.
THE BAND GROWS LARGER

The Band has increased in size largely due to the number of Junior High school students who started their training on a musical instrument in elementary school. Like the chorus, the band meets three times a week on an alternating basis.

The band joined the chorus in the presentation of the Christmas Concert. Four members represented Vergennes in the District Band Concert held at Mt. Abraham Union High on February 11. The band also participated in the All-State Parade in Burlington and in the local Memorial Day Parade.
This year, as in former years, many students worked making layouts, taking pictures, cropping photos, writing copy and typing. Only the staff knows the long hours and hard work, and the disappointments involved in the production of a yearbook. Somehow, the pressures are survived, the deadlines are met, and the book arrives. The yearbooks record of this school year reflects the personalities of the people who produced it.
ACADEMICS' EDITOR — Susan Duany. ACTIVITIES' EDITOR — Andrea Wernhoff.

CIRCULATION MANAGER — Brian Rose. ADVERTISING MANAGER — Richard Hawkins.

EDITOR-IN-CHIEF — Nancy DeVine.
All students look to the community for support.
Staff members of the Blue and White are deeply grateful for the financial support which the members of the community have given them. Without this support the cost of the book would have been seven dollars and fifty cents instead of five dollars for the undergraduates. The staff also appreciates the willingness of the community to have their sponsorships printed on four pages. This has given the staff nineteen more pages to devote to the reporting of the activities within the school itself. It also appreciates the large number of sponsors. This is evidence of the wide support for the Union High School activities.

Discoveries
Throughout the year the student body has discovered many things not known before. Our cheerleaders have discovered what a winning season really is. Mike Brace discovered that a competitive sport isn’t as easy as it looks. Tom Mack never really knew what he would discover in his locker. But most important of all we have discovered new friends and what a friendship really means.

There is nothing new under the sun; it’s just that you haven’t discovered it.
