*VERGENNES UNION HIGH SCHOOL
VERGENNES, VERMONT*

It was the fall of 1959 that Vergennes Union High School began its existence. It actually included the same students that attended Vergennes High School; however, now each of the five member towns was represented on the school board. A new building with modern laboratories, language rooms, cafeteria, library, auditorium, shops, etc. replaced the historic three story building which had served the communities faithfully for many, many decades.

The new facility allowed much more diversification to help prepare the many interests, talents, and capabilities of its students for their continued educational experiences or their endeavors during their adult lives. It was much more easily adapted to meet the ever-changing challenges of American society. MERLE CROWN — Principal 1959-1967

1960

Three graduates of the class of 1960, the first class to graduate from V.U.H.S., have children graduating in the class of 1984. They are Joan Parks Barr, Cathy Senesac Douglas, and Ann Wisell Sullivan.

1984

25
YEARS

Their Children are Bruce Barr (top), Michelle Douglas (middle), and Sean Sullivan (bottom). Proud traditions have continued through these, as well as hundreds of other families who have passed through V.U.H.S.

Twenty-five years ago the doors of Vergennes Union High School opened. Since then young people of our district have entered our school seeking the new challenge and the new opportunity waiting within. The construction of the school was an immense endeavor undertaken with the betterment of our children and, thereby, our communities as the major objective. The sacrifice made to assure that this school became a reality was great. As Americans, we recognize that sacrifice is often necessary in order to enjoy the benefits of living in a democracy including our freedom and our education. Bearing in mind that ed-

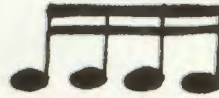

ucation is freedom for it liberates us from the bondage of ignorance, these selfless efforts of our citizens, past and present, on behalf of our youth have been generous and profound.

On our silver anniversary year, I wish to express my appreciation to everyone in our communities who has advanced the cause of education, whether as a taxpayer, a parent, a school person, or simply a caring individual. We continue to have "pride in our purpose" and look forward to the promise of the future. — CHARLES H. USHER — Principal 1980-1984

GOOD THINGS COME IN SMALL PACKAGES

The class of 1984 has spent many years here at V.U.H.S. and our lives have been touched by many individuals. Through the help and guidance of each, we have grown and learned. It is to one of these special people we dedicate our yearbook. Miss Susan Philputt has spent the past 5 years here at V.U.H.S. putting in countless hours to make our music department bigger and better. When Miss Philputt arrived at V.U.H.S. she had a combined Jr. & Sr. High band of 42 students. Now only 5 years later Miss Philputt has a combined band of about 120 students. Miss Philputt also gives countless hours to extra activities such as musicals, jazz band, pep band, and numerous other activities. We owe her much and this is but a small token of our gratitude. For the remainder of us, all we can say is, "We Thank You."

MY NAME IS NOT RED!

*Don't ask me about my temper!
Red and pink clash with my hair.
Yes, I burn and peel all summer.
Don't count my freckles!
I blush sooo easily.*

Just a few comments made by redheads. Some love their red hair, others wish it were anything but red. But to anyone else — red is terrific!

PUTTIN' ON THE RITZ

"If you're blue and you don't know where to go, why don't you go where fashion fits ...

Dressed up like a million dollar trooper, trying hard to look like Gary Cooper ... High hats and arrow collars, white spats, and lots of dollars ... Spending every dime for a wonderful time ... Puttin' on the Ritz."

WHAT DO JOBS TEACH?

Did you ever stop to ask yourself what you learn from that job that takes up most of your out-of-school time? Let's think about it for a while.

You learn to budget both time and money. You have to set your priorities and go from there. Money is too hard to come by, so you learn to spend it wisely. Well, some learn faster than others.

You learn to be a more responsible person; one who can be depended on to get a job done and done well.

You gain self-confidence — you're on your own in the working world — not a little child any longer.

Just think of all you have learned!

Advisor — Mrs. Elma Grant

A great deal of time and work goes into the production of a yearbook. No one really understands just how much work until they join the staff. It takes dedicated and responsible students who devote their free time to produce such a book. As their advisor, I'd like to express my appreciation to everyone who helped in even the smallest way.

Acting superintendent from August of 1983 through mid-April of 1984, Ray Davison guided the district through trying times while the search for a new superintendent and new business manager took place. His calm, confident manner proved once again that "Whatever he does, he does well." Thank you, Mr. D.

WHO?

Who made the perfectly lettered signs that hung at the gymnastics tournaments? Who drew the logo for "Fiddler"? Who made the name cards on faculty mailboxes? Who keeps the activity board in the lobby up to date? Who usually helps the seniors with their class motto poster for graduation? Who made the school logo and 25th anniversary sign which hangs in the gym?

Who do you usually find at sports events, especially wrestling matches, taking pictures? Who frames these pictures and gives them to coaches of winning teams?

Who uses her many talents to do all of these? Ethelyn Bartlett — Thats Who!!!

Is it? Just ask Harmon! He checks it out regularly. Of course he has to have a winning team to help him get there, but that never seems to be a problem for the Vergennes FFA, advised by Harmon Boyce. Over the years they have excelled, state and nationwide, in farm mechanics, farm management, showmanship, and land judging competitions.

Kansas City isn't the only place they've travelled to. With Harmon's influence and direction, he has coached teams which have competed at the Barre Farm Show, Eastern States Expo., and his land judging team traveled to Oklahoma City last fall.

Our FFA may be a small group, but they make up for their size in excellence!

Our business department teaches typing, book-keeping, shorthand, office management — the whole realm of secretarial skills. Just take a "field trip" to the central office some day — any day. There you'll see a fine example of all of these skills practiced daily by two special ladies, Mrs. Anita

What a fine example to set for our business students!

*As we all come to this point in our lives
where we can look back at our memories
with great fondness and look on to the
future with the same emotion, I'm sure
that we all shall never forget a great
friend of ours who didn't reach this
point in time with us. His memory is still
living inside of us all. It's impossible to
justify such a tragedy, so perhaps the
best thing to do is to keep this memory
alive and occasionally look back to the
times we spent with our friend.*

There is no one word or phrase that defines a yearbook. To students it is a pictorial diary of memories of the past school year. To the staff members that contribute their time and effort, it is a very demanding job that has to be done. To the editors of the book, it is an enormous project that demands time and attention, sometimes for longer periods of time than we care to contribute.

Many hours of time and effort were put into this book that are never visible to its readers. It is up to you, the reader to decide if we, the staff of the Blue & White, have been successful in producing a book that is worthwhile.

We have survived the long hours of work and the never ending headaches of all this to come to that nerve racking day in late February when the book is sent to the publishers.

Though there have been disputes of the division of power in the Editors chair, we were able to put that all aside and were able to agree at least 90% of the time; the other 10% either one of us did anyway despite the other's decision.

And now we proudly present this years yearbook to you, the students, faculty and administration of VUHS. We sincerely appreciate your contribution to this book, and hope that these pages of the Blue & White will always be a part of your memories spent here at Vergennes — as they are to us.

The Student Council this year is a little different than the last couple of years. They have posted their minutes for everyone to read so that anyone who wishes can find out what we are doing. Also, they have ammended the constitution to make Student Council more efficient, and better able to function, making it easier to provide the student body with its needs.

The Student Council has set up many school organized activities, such as Spring Fling, Spirit Week, and baby photo contest to mention a few.

FFA

OFFICERS — left to right — Bill Claflin, Brian Siple, Sean Sullivan, Steve Kayhart, Jeff Correia, David Briggs.

The Vergennes FFA started off the school year by reaping the benefits of hard work from the past school year by representing Vermont FFA in regional and national contests. Eight members travelled to the Eastern States Exposition in Springfield, Mass.

In October, Sean Sullivan, Brian Siple, Bill Claflin, and Steve Kayhart placed first in the state land judging contest, winning a \$500 award to be used toward their trip to Oklahoma City this spring.

In November we flew to Kansas City to the National FFA Convention where our members met many other members from around the country. Some as far away as Washington State and California were very special to some of our members. (It is common knowledge that there is still correspondence going on between Vermont and Washington State.) In Kansas City, Brian Siple won a silver award in farm business management, and Bill Claflin won a bronze in showmanship, Steve Kayhart won a gold award, Jeff Correia won a silver and Steve Ouellette, a bronze in the farm mechanics contest. Vergennes was recognized nationally as a superior capter.

Membership includes **FRONT** — Mike Danyow, Harry Veldman, Herb Glidden; **BACK** — David Briggs, Sean Sullivan, Brian Siple, Kristen Abbott, Bill Claflin, Steve Kayhart, Wade Vincent. Missing from photo are Tony Bessette, Eric Abbott, Steve Dunn & Jeff Correia.

"If there would be no tomorrow, if there would be just one more chance I'd take it again. You turn around and it's gone forever . . ."

The year will be over, but the memories will never go. I still remember my first day coming from a bus from New York City to Burlington where my host-mother and my three host-sisters already waited for me. They were as excited and as nervous as I have been . . .

During the year we have had misunderstandings, but through efforts from both sides we had a great time and we learned a lot from each other.

I want to thank my host parents, Bob and Rita Smith, also my host-sisters, Veronica, Jennifer and Audrey Valz, and the rest of the family to share a year with a foreign exchange student and be their second family. It is a big responsibility and they did a wonderful job. I

also want to thank all the students and the guidance department at VUHS for bringing the life and spirit of an American High School so close.

Silvia

A.F.S.

Members are: FRONT — Rusty Burt, Mimi Harrington, Sylvia Stover, Luis Alvarez, Susan Vincent, Maureen Jennings; BACK — Miss Sessa, Shelly Harrington, Jennifer DeVos, Earl Dionne, Tom Swenor, Cheryl Gebo, Carrie Hayes, Veronica Valz, Megan Brook, Sharon Barrows, Audrey Valz

When I came here in September, the first few months were exciting because everybody wanted me to say things in Spanish.

I enjoy living in the USA, but it's difficult at times because I miss my family in Panama. My host family, the Bertrands, have been very good to me and I have enjoyed learning about life in the U.S. by living with this family. I've learned more in this one year about the USA than I ever could have learned in the same amount of time at home.

One day I hope that some of the students at VUHS will become an AFS exchange student and have as great an experience as I have had. —

Action Center for Education and Service provides students with the opportunity to explore areas of particular interest to them outside of the classroom. Many career decisions are made by the students based on their ACES experiences. Placements are designed to meet the student's needs.

Some examples of placements are Veterinarians, Pre-schools, office work, computer programmers, tutors, lawyers, hospitals, and photographers. The community response to the ACES students is very positive and a good relationship develops among the community sponsor, the student and the high school.

A peer-tutoring program was begun this year where students help other students with their subjects during their free periods.

Also a Community Friends program was developed to pair elementary school students with high school Big Brothers and Big Sisters.

The students at Vergennes are giving and kind people who are willing to give their time to others as evidence by their participation in many of these programs.

By now the particulars of the game are obscure in most people's minds (including the players) but the legend lives on. We remember who scored and when; and all of us try to remember the party! Well, girls we did it, and it was a job well done. Congratulations! We are the Champions! A special congratulations to team members Amy Bodette and D-D Plankey for being named to the All-State and Twin State teams; to Lisa Cunningham, Sarah Leach, Tammy Tucker, Amy Bodette, and D-D Plankey for being named to the All-Star team, and to Lauren Davis for being honorably mentioned (not bad for a freshman). And to all the rest of the team members for their effort, contributions of spirit to the team, and for bringing this great honor to our school.
