### "THE IMPORTANT THING IS NOT TO STOP QUESTIONING." - ALBERT EINSTEIN -

No matter what subject he teaches, you can't forget Wayne Ganson.

That is why we feel it is only fitting to dedicate the 1992 Blue and White to WAYNE GANSON!

"IF I HAVE BEEN ABLE TO SEE FARTHER THAN OTHERS, IT WAS BECAUSE I STOOD ON THE SHOULDERS OF GIANTS." - SIR ISAAC NEWTON -

## WHICH WAY OUT

A year is like a mushroom cap in Wonderland; it can make you big, it can make you small, or it can not do anything at all; just ask Alice when she's ten feet tall.

Do we trip and fall down rabbit halls of opportunity? Are we swallowed by yellow, steel caterpillars? Are we chased by white rabbits with watches?

98 chessmen prepped for battle against a deck of playing card royalty.

## OF WONDERLAND

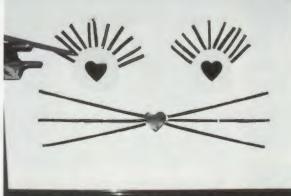

Just ask Alice when she steps through the mirror how we kittens turn to white knights and red queens. Are we toasting tea "in this 10/6 style"?

Tried for painting the roses, have we finally deciphered the caterpillar smoke of educated rambling? Has it obscured the nursery rhymes of our childhood?

Are we running so fast to get nowhere, and if so, where are we now and why are we leaving? What are we leaving and where are we going? Are we just awakening, or have we yet to dream?

GO ASK ALICE. -Ano Lobb, Michael Scott '92

## COMMUNITY SERVICE

We started at the BOAC (Beautifying Our American-Community) project on 22a, in Vergennes. It is the site of the old schoolhouse. We are planning to plant flowers there this spring.

We had two teams compete in two regional contests at Eastern States. One team was in Farm Business Management which completed a series of short problems, budget analysis and multiple choice questions. The other team competed in the Agricultural Mechanics contest on 100 multiple choice questions and many hands-on-skills.

We sent the same two teams to Kansas City Missouri to compete in these same two contests. While there, the members were able to attend the national F.F.A. Convention.

We took first in the state in land judging. Dan Barnes took 1st individually, Mark Visser took 4th individually and Kurt Boyce took 11th individually. They will be going to Oklahoma in May to compete in the national land judging contest.

## COMMODORE CHRONICLE

Journalism is an English class that produces newspapers. This is a first-hand experience for young journalists. We work on computers and fit everything into a legible paper. Newspaper articles are not all we write. Creative writing is also part of the course. This class is meant for aspiring journalists. If you like to write, and would like to be part of your school newspaper, we recommend this course.

The Big Brother Big Sister training Session was held in November 1991. This session taught us how to better help our little brothers and sisters with their problems.

We go to the elementary school one period each week and spend time with our brothers an sisters. This gives them someone to talk to and look up to.

Knowing that there is someone who cares about them and what they have to say gives them a better sense of self worth and higher self-esteem.

We also learn from them. We learn that caring and helping a younger person can be very rewarding. The time is well spent an it feels good to know that you're helping someone and that you influence how they feel about themselves.

#### BLONDES — WE HONOR YOU!

Blondes have put up with a lot this year! Everyone thinks it's hilarious to tell blonde jokes, and at whose expense? Come on now! If you were a blonde would like it? What if we started telling brunette or red head jokes? Soooo---to make up for all of the abuse blondes have suffered we will HONOR our blondes—girls and

even the guys! These kids were brave enough and kind enough to let us take their pictures for the yearbook, not really knowing what we were going to do with them.

Look at these blondes! They represent the best of VUHS—They participate in band, chorus, and athletics. They are scholars, cheerleaders, and just plain nice kids! Fun kids! Wonderful kids!
